

The **TeamCard Membership Platform** is a centralised, web hosted system that provides full membership services including:

- **Member Creation** - either from existing client systems or by immediate insertion as members register with the client.
- **Membership Card Creation** – production, fulfilment, expiry, reprint etc.
- **Reporting Suite** - demographic breakdown, individual member reports, fulfilment status and system summary reports.
- **TeamCard Website** - Cardholder login, registration and participation in the TeamCard Loyalty Program.

The TeamCard Membership Platform empowers clients to control and run their membership program with the full support of TeamCard to provide membership card fulfilment and a revenue generating loyalty program.
